Scanner Reports 7-22-15

Roger the Scanner Guy

Wednesday, Hump Day, Middle of the week, half-way home stretch. Sure has been a lot of 415 domestics lately. One day for a couple hours every call was a 415 Domestic. Some have been violent. Why do these people stay together if there's violence? I'm sure they have their reasons it's easy to assume what they are and we might not be too far off the mark. Well one of these cases has me kinda concerned. I heard this call over the weekend of a gal in a wheelchair with a black eye hanging with a guy who had a bottle of vodka at Quarantina and Calle Cesar Chavez. I don't know if he clobbered her or what, but from the way the call came out it's easy to assume. I heard several other calls over the weekend concerning a woman in a wheelchair panhandling at USA Gas 8 South Milpas or 415 Domestic at USA gas, camping at USA Gas. Then on Monday there was a medical call for an assault victim for a female in a wheelchair at Vera Cruz Park with abdominal pain. All these calls I'm wondering if it's the same woman. I'm assuming that maybe this guy that's hurting her is making her panhandle so he could get his booze; pimping her in a way. Maybe she cannot do one thing but she can panhandle. I haven't heard anything since she was transported to Cottage on Monday. I hope she is OK and getting help. There are a lot of abusive scumbags out there that are more than happy to take advantage of people who cannot take care of themselves.

When I was a kid in Fort Wayne I got nailed by one of these guys for a short period of time. He was a little older than me and was in the Boys Home I was in when I first went there. He got out rented a house and took in the young runaways forcing them to steal for him. When I got caught I was medicated by the powers that be and snatched him off. He damn near took my head off with a butcher knife but then he turned his back for a second and I ran like HELL and got away. He packed up and booked after that thinking I called the cops but I didn't. I was gonna take care of him myself, but he left before I could. I had a lot of close calls like that when I was a kid someone was watching out for me. There are some people out there who can't protect themselves nor do a pay back on these abusers if anyone knows of this gal, please talk her into getting help before she becomes a murder victim.

A lot of 415 Domestics heard one in Nipomo the other day that sounded like a kidnapping and rolling 415 Domestic in a car the guy was thought to have a gun. He got pulled over I did not hear the end of the call. After hearing one right after the other it gets tiring and one wonders why they stay in the relationships.

Used to be a couple on the street here years ago. She was my age, blond and pretty; she was a hooker. He was young and big and protected her, supposedly. He also beat her. She finally died and he disappeared. He might be beating another woman right now living off of her. I'm sure he is somewhere. Sad lives out there on the streets. Have a great Wednesday. Belinda and Pooh Bear willing, we will see you on FRYday. Later, Roger
